*The Ministry of*  
Johannes Amritzer

# For the unreached people

**More than 50 Signs&Wonders Festivals** has been held among unreached people groups all over the world. Mission bases are located among the unreached Hindus in Northern India, among Muslims at the Horn of Africa, among Muslim Pomacs in Southern Europe, and even among the Buddhists of North Eastern Thailand. Pioneer Bible schools, that train the newly saved to become strong disciples and missionaries to their own people, are functioning in unreached areas of the world. 340 new churches has been planted among the unreached peoples, 100 missionaries has been sent out from Sweden. 150 co-workers are on staff in Sweden, and twice as many in the rest of the world. There are annual missions conferences in both Sweden and Norway. We are building a gigantic portable festival equipment that contains everything you need to set up a festival for 100,000 people, and that can be transported anywhere in the world.

**How is it possible to build** such a ministry in just 10 years? It must have been strategically planned from the beginning, right?

The truth is, that we often ask ourselves how the ministry could grow that big, that fast. We often say to each other: "How did this really happen?" It must be God! Mission SOS was born with one thing as its focus – the unreached peoples. Everything else has come in the wake of the longing to reach yet another people group.

In 1996 we went on a trip to Kenya with the purpose of being a part of a festival in the slum areas of Nairobi. We were there and it was

“**How did this really happen?  
It must be God!**”

great. But it was when we had the opportunity to preach in an unreached area, many hours away by car, that we felt the real “click” in our hearts. When we came home again, we talked about two things; which people group should we go to next, and how could we raise money to do so.

After a couple of trips to the unreached peoples, friends started asking if they could

help with a little financial gift for the festival. In order to administrate this in the right way, we needed some kind of forum – and Evangelical Mission SOS International was born. Since then, the ministry has grown, people with the same heart have joined us in the work. The heart for the unreached people groups is the pulse and vein that makes the ministry function.

Mission SOS spent the first five years solely doing festivals among the unreached peoples and training pastors and leaders. But about five years ago the ministry grew wider and went from being evangelistic to becoming apostolic. In close collaboration with the local church, Harvest Center, we started an international mission Bible college in Stockholm, Sweden. Mission bases were established and missionaries were sent out. A lot has happened, but much lies ahead. More festivals are to be held among the unreached, a TV ministry still only in its infancy, more books are to be written, and additional and stronger mission bases capable of training their own missionaries needs to be built.

The goal is not to build a huge ministry.

# people groups

What drives us is the longing to go to another unreached people group, to explain to the old lady that I meet on the street or at the festival ground that Jesus loves her, and that He died for her! To see her delivered, raised up, and healed in her body and soul. To baptize her and pray with her to be baptized in the Holy Spirit,

and to disciple her so she becomes a strong follower of Jesus who wins other people. That is life! Mission SOS is only an effective way to make it possible.

**Johannes and Maria Amritzer**  
President, Evangelical Mission SOS International

Mission SOS International is a non-profit, tax-exempt organization. Our main office is located in Stockholm, Sweden, with branch offices in Norway, Austria, and the United States. Mission SOS holds Jesus festivals among the unreached people groups around the world, and training seminars for local leaders. We provide churches with hands-on teaching material that is applicable to every day life.

Our goal is to rise up a new wave of missionaries that can bring closure to the Great Commission. We believe that we are living in the End Times and that we can speed up the return of Jesus through how we live our lives (Matt 24:14, 2 Pet 3:12). The unreached peoples are daily before our eyes and everything we do is geared to reaching them with the Gospel.

The core and heart of Mission SOS are the large healing festivals that demonstrate the power of the Gospel and reach a lost world with the best message ever – that Jesus saves! Thousands have given their lives to Him during these festivals, and been baptized in the Holy Spirit and fire. Powerful miracles take place, the deaf start to hear, blind eyes open, the crippled begin to walk again and demons flee in the name of Jesus. Only Jesus Christ can do this!

# Signs & Won Festivals

*In the name of Jesus, three evil spirits fled, and this man was delivered, saved and baptized in the Holy Spirit. Today he is a worship leader in Nepal!*

*At the age of eight, this young Karamanjong boy lost his hearing completely. Accompanied by a friend at the same age, he arrived at the festival. During healing prayer, his ears were totally opened and here he joyfully demonstrates that he can hear the sounds behind him!*

*This deaf and mute boy in Pakistan was completely shocked to hear himself make noises in the microphone in front of 30000 people at the festival.*

# ders

Eratefivfia Yonahola, 48, was shocked as the tumour at her neck shrunk away after prayer. For ten years, no medicines had been able to keep it from growing.

Shirja baj Slani was paralyzed in her left side. As she listened to Johannes Amritzer preaching, faith rose up within her. She dragged herself towards the platform. As she began to climb the steps she was healed! Johannes broke her cane and she walked home!

Luche Adam's left leg was broken. During a street meeting he received prayer and the pain disappeared as the leg was healed. He walked home newly saved with the crutch now in his hand.

Malat Bagivond, nine years old, has been deaf in her right ear since birth. After she was anointed with oil she could hear whispers. Her sister was there to confirm her story.

April 28<sup>th</sup> 2006 will forever be a very significant day to Mimmi Wonde. She was healed from pain in her groin, set free from witchcraft, saved and filled with the power of the Holy Spirit – all in one day! Filled with joy, she embraced Maria from Mission SOS.

# Mission Bases

We send teams of missionaries into the unreached places of the world to establish mission bases. As they go, they work according to a three-step plan. First they establish a local mother church. Secondly they plant and raise up a pioneer school in the region. Finally they send the nationals that have graduated from the school, as missionaries to their own or neighboring people groups.

Today Mission SOS has four mission bases. They are located in four strategic areas around the world.

**INDIA** Working with church planting in the northern states. In the south we have a training center for church planters and evangelists.

**ETHIOPIA** Targeting the unreached people groups of the Horn of Africa. They reach out to the Afar, Somali, Oromo and other groups living in the region. The mother church is located in Dire Dawa, the second largest city of Ethiopia.

**BULGARIA** Focusing on the Pomacs, Turkish and Gypsy people groups of southern Europe. The mother church is located in Velingrad and

since the fall of 2007 they are running their new training center.

**THAILAND** Reaching out to Laos, Cambodia, Vietnam, Myanmar, and of course Thailand as well. The base is located in the city of Khon Kaen, where they are planting the first church in the fall of 2007.

**We also have mission offices** in Sweden, Norway, the United States and Austria. The purpose of the offices is to build relationships with network churches, run annual mission conferences, bring teams on mission trips. They are an important link in taking the Gospel further to those who have never heard.

# SOS MISSION BIBLE COLLEGE

## The School for God's Adventurers

Do you want to be an adventurer for God? At SOS Mission Bible College, in Stockholm, Sweden, we will train and prepare you for a completely new life filled with adventures together with the Holy Spirit. At our college God will mold a strong and solid foundation for you to stand on, regardless of what path you choose in life. You will receive a deeper revelation in the Word of God, and be challenged to go further in your walk with Jesus, than you ever have before. If you have been a Christian all your life or just recently gave your heart to Jesus – this school is for you!

Every year students come from all over the world and have their lives transformed by the power of God. They all leave with widened horizons and life long friendships!

## Adventure with God!

**The intense heat hit us** as we disembarked from the airplane in Ethiopia. The excitement that we felt at home preparing for this trip rushed back and energized us even though we were tired after the long flight. This is what we all had been waiting for the past eight months – the mission practice trip to Ethiopia!

We had no idea what lay ahead of us during the upcoming weeks. We could only imagine that it would transform our lives. We were on an adventure with God!

In front of me in line, was my classmate Simon. Simon could not imagine that in the next set of days he would personally experience God's power to heal in a fantastic way. That he, with his own eyes would see the swelling from a snake bite on a boys hand shrink as he prayed.

A little further away, I saw Samuel standing to fill out his immigration card. In just a week he would be standing in a rest area praying for deaf Africans and seeing God perform miracles.

Some eager college students sat around and polished their messages of salvation. Did they know that very soon they would see over 2000 people give their lives to Jesus?

In a few days we would see the hand of God touch the city of Harar. In a few days we would see the Book of Acts with our own eyes! In a few days God would mark us for life.

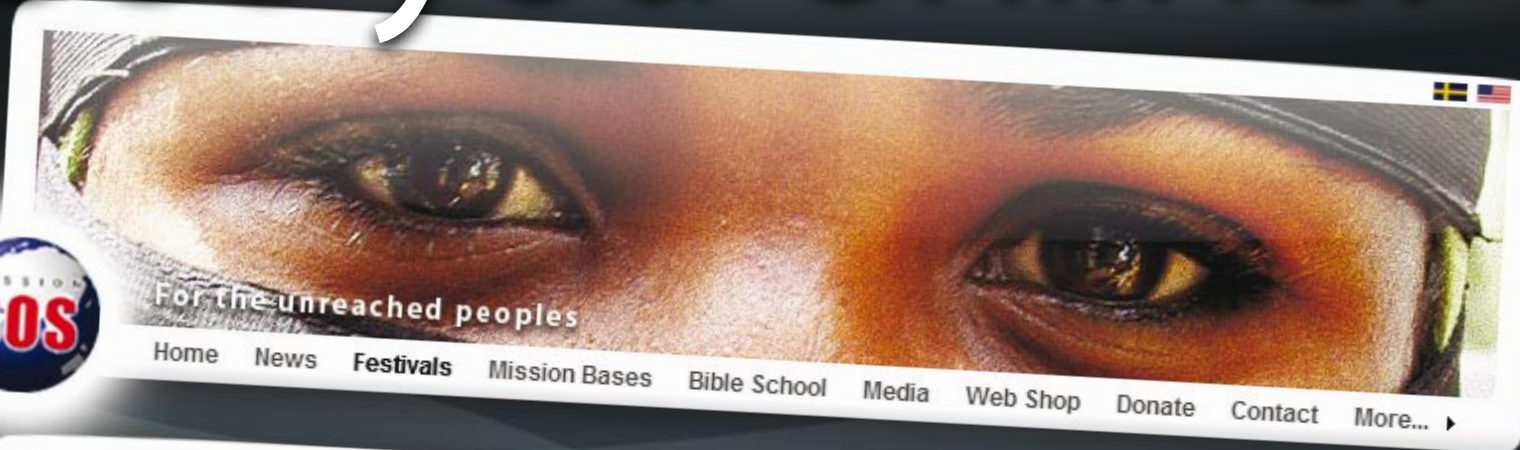

**Susanne Axell**  
Student 2005/2006

## Signs&Wonders Festivals

Signs&Wonders Festivals have always been an important part of our ministry. We chose to set up festivals due to the different areas that we focus. Actually, we have realized that coming to a city or region with a festival in itself gives us a certain amount of goodwill.

### Upcoming Festivals and Mission Trips

Maseru, Lesotho  
October 2007

Khon Kaen, Thailand  
November 2007

Smolyan, Bulgaria  
May 2008

### Itinerary for Johannes Amritzer

7-14 oct

# Be a part of all this!

**We can speed up the return of King Jesus!** When the last ethnic group has heard the Gospel, the end will come and Jesus will return (Matt 24:14). We want to reach the last unreached people group! Join us in prayer! Join us at the festivals! Join us by giving! For the sake of the unreached people groups.
